Hello Brethren of Orrstown Masonic Lodge # 262.

-----

Disclaimer – I attempted to edit what is below, to make it shorter, and when I did so... it only became longer. I apologize in advance, but I feel the membership needs transparency, open dialog, and a heart-to-heart connection. I do not want to tell you what is going on. But to only include you in looking for input of where we are going. I feel overburdening you with reading now, will help give you some data of the past, to hook on the booster cables of energy to bring us up to 2026. I guarantee this will be the longest lodge notice insert ever in 174 years.

-----

I hope all is well with you and your families this holiday season. From my greeting line, you can see that I have held the East a few more times prior to 2026. I guess three is a charm?

With that said, every year we meet new friends and solidify our bonds of what is important in our daily lives and how they connect with Freemasonry in general and Orrstown Lodge # 262 more particularly. Sometimes our life's journey puts us busy with work, family, health, etc., and time attending Lodge is missed. It becomes the regular pattern to read the Lodge notice (if we even do) and not attend. We have confidence in the officers and know, 'they got it.' Once that cycle starts, it is hard to come back. I totally understand. (Maybe this huge insert will be a shock factor and every member will read the notice and spark a bit of curiosity).

I want to capture your attention as to why you joined the Fraternity. If you have not attended recently, just know, there is No shame in that. I am looking for a new beginning for Orrstown Lodge. A clean slate for all. Keep all memories of why you joined in your heart and just simply come out to meetings and extra meetings. You will be welcomed with open arms and any lack of attendance over xyz amount of years will only be recognized as Honorable. We need YOU!

I only think it is fair that if I am challenging you to put the jumper cables to your attendance at Lodge that I fully lay my Masonic journey in front of you and the current happenings of your Lodge in the last decade. To let you know, we all live busy lives and if Brethren show up together at Lodge, we can help each other... and have fun too!

In my childhood years, my Grandfather always mentioned a 'friend of his down the road that had a cabin,' and that he was a 'good man.' We would take tractor rides down and visit. Growing up, I always had a foggy memory of that. This man's name was Duaine Goodhart. Much later in Life, when my Grandpap was failing in health, Goody visited my Grandpap at our cabin.... Deja vu' was in my brain and I knew I was missing something.... and that was the fellowship of good men. After Goody's visit, I asked my Grandpap about what he told me about Goody many years ago about him being a 'good

man.' I then heard for the first time in my life the word Mason. I soon asked the question, of ' how do I join?'

I petitioned the Lodge and Duaine Goodhart (Orrstown Past Master) and my Great Uncle – James Small (Cumberland Valley) signed my petition. In late 2007 on a thunderstorm night, I was initiated at our Old Lodge building on the 3<sup>rd</sup> floor. In short order I joined Tall Cedars and Scottish Rite and in 2009 I was Junior Deacon; 2010 Junior Warden; and Master in 2011 and 2012. I learned what I know for ritual work from 'mouth to ear.' The Ritual book only came out when I was learning to give the 3<sup>rd</sup> degree. During this time my sons were about the ages of 6 and 7 and they eventually joined DeMolay and I am also proud they also joined Orrstown Lodge and that I was able to confer all of their degrees.

In around 2013 for building safety reasons, Grand Lodge would no longer permit us to operate on the 3<sup>rd</sup> floor of our 'old' Lodge building. I called to order the 1<sup>st</sup> Building Committee Meeting of Past Masters and Officers and this set the long enduring task to figure out what was next.

In the spring of 2014, I was passing through Orrstown and noticed a "For Sale" sign on the house adjacent to the Orrstown Lutheran Church. The location of the house satisfied the water, sewer, and electrical service requirements, and it was in Orrstown. However, one problem remained: the acreage included with the house was enough to erect a new lodge building, but not large enough to provide for off street parking.

Upon investigation, the Building Committee discovered that the house was owned by the Orrstown Lutheran Church. The house, originally constructed by the church sometime around 1905, served as the parsonage for the church for many years. Negotiations with the church to purchase the house, along with the adjacent parking lot ensued. The church agreed to include the parking lot in the sale of the house, with the single provision that they could continue to use the parking lot for church parking. An agreement was reached, and the process for buying the property was set into motion. The settlement occurred January 30, 2015.

With this said, we still did not have a new lodge building and we were blessed by Cumberland Valley Lodge to allow us to rent their building till we were able to make a sound choice in where and how to put our roots in the soil again in Orrstown. It took us a long while, we did LOTS of things (too many to list now), but a little over 10 years later in April 2025, the time was right that the Lutheran Church offered to turn over the ownership of the church building to us and that they would become our tenants. The 'marriage' happened and we finalized on the purchase of the church property.

I would be remiss if I did not thank everyone that participated on the Building Committee, Trustees, and LLC members, over the past decade and as most recently of the efforts of Past Master Carl Calder. His dedication in the last two years to this effort and making a Win-Win relationship with the church got us to the finish line.

With that said, we are now entering the hurdle race. We still have some hurdles to jump over and to keep on winning. On my list for 2026 will be 'to see the lodge is properly tiled'. This means to erect some inner walls, to build a proper annex, candidate preparing room and visitor examination room. We will also need to build the proper risers for steps for the officer stations. We need to install air conditioning prior to the hot months and then make progress of removing the old parsonage building on the property to make way for more usable space. We have already removed an old storage building that has left us with a nice concrete pad that I envision being used for some first initial connections with the community. The sloping landscape around it will make a great venue to maybe make some "Music in Orrstown" nights in a sort of band shell atmosphere. I would like to see our social room and kitchen kick off some spaghetti night fund raisers etc. We need to make Orrstown Masonic Lodge, once again, a focal point back in the local community. Officers alone can not do this. We need the membership!

Also, I can not stress more.... we are no longer 2B1ASK1. We are Open Invite. If you know a good man in your community, at work, etc. share with them the word Mason. Invite your fellow Brother to come back with you to Lodge. We need to share this with all that we know. We are not looking to sell memberships. We desire good solid guys that want more. We need to guard the West Gate and truly know the guy we recommend. My last request is for you to make the Lodge Officers super busy in 2026 in conferring degrees. Brings us those petitions and we will help you make your friend "Our Brother."

Please come out on January 3, 2026 from 8:30am-10:00am for a full breakfast and the Stated Meeting Starting at 10:30am. Business Casual dress is fine (no t-shirts or jeans). Program will be presented by Bro. Randy Kendig on the History and Masonic Connections of the Orrstown - St. Paul Lutheran Church. Brethren attending from other lodges, we would appreciate a head count to our secretary in advance so we can plan food appropriately.

Sincerely and Fraternally,

Jim Sleighter, PM – Worshipful Master
